Students must earn a total of 230 credits

- All students must have passed Algebra I.
- All students must have passed the CAHSEE exam.

ON TRACK FOR GRADUATION

Being "on track" means that a student is making satisfactory progress toward earning the number of units they will need to graduate when they become a high school senior.

To be on track to graduate students should have the following number of units at the end of each grade level:

9 th = 55 credits	10 th = 110 credits
11 th = 170 credits	12 th = 230 credits

PARTICIPATION IN SENIOR ACTIVITIES

Senior activities may include but are not limited to the Scholarship Awards Ceremony, Senior trip, Senior Assembly, and graduation. In addition to the regular eligibility requirements, seniors must meet the requirements below to participate in these activities. Eligibility for senior activities is determined by 3rd quarter grades and may be checked at any time prior to a senior activity.

1. Completion or work in progress towards all academic requirements for graduation.
2. Satisfactory citizenship (i.e., not on suspension during the time of the activity).
Students who cause disruptions at school may be declared ineligible for senior activities by the school administration.
3. All school obligations such as detention, and payment for books and supplies must be taken care of before the activity.
4. The senior must not have been declared ineligible through the attendance supervision process (i.e. once notified by an administrator that they are on attendance supervision, the senior must not accumulate five more days of absences).
