## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 2019/10

The school district held a public hearing on September 12, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August, 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	38	36	42	38	50	50
Mathematics (grades 3-8 and 11)	27	30	25	25	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### Opportunities for Parental Involvement (School Year 2019-20)

The Adkison Elementary School staff is dedicated to providing the best possible education for its student population. The staff is supported in their educational efforts by the School Site Council (SSC), the English Learner Advisory Committee (ELAC), the Parent Teacher Club (PTC), and a Coffee Club. Recognizing that parent involvement is crucial in student education, Adkison staff focuses on engaging all parents.

The Adkison Student/Parent Handbook and the Ceres District Calendar is available for each student and family at the beginning of school, and at the time of registration of new students to Adkison School. This handbook has important information in it regarding such things as: an Adkison School Compact which involves the school, student, and family, information about parent and student recognition; information and calendars to provide parents with opportunities and information to be involved in school performances, assemblies and other educational classes/activities; ideas to inform parents how best to assist their children in learning at home; information regarding student award/recognition assemblies and student performances.

Parents are offered English as a Second Language and other parent education classes. Multiple opportunities for family engagement, including such things as annual family gatherings for Back To School Night and Parent Teacher Conferences, Coffee Club, Parent/Teacher Club, and volunteering in classrooms and special events.

All staff can be readily contacted in person or by telephone, hand-delivered notes, or email. School notices are sent home via Parent Square and Social Media as reminders as well as a monthly newsletter which contains up-to-date school events. "School Bells" articles in the Ceres Courier provide an opportunity to highlight school events and student successes. The school also has a marquee where monthly information is posted in both Spanish and English.

Our school provides translation for conferences and special school events.

## School Safety Plan (School Year 2019-20)

The Safe School Plan is reviewed and modified each year as needed. The Safe School Committee recommends changes based on review of information. Any changes are submitted to the School Board for approval. In order to secure a safe and secure school environment, the Adkison staff encourages all students to succeed academically while at the same time providing a Safe and Civil School. Working together as a team, including law enforcement, District Office personnel, parents, students, and staff, the Adkison community strives to nourish and sustain a climate of fairness and equality for all. The school also solicits feedback from teachers, parents and students to address any safety concerns that they might have. A continued focus on Positive Behavioral Interventions and Supports, MTSS (Multi-Tiered System of Supports, and an emphasis on recognizing academics and desirable behaviors have helped to establish a positive culture on campus.

## Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5	5	5

In the 2017-2018 school year, the school site had 10 collaboration/early release days and 5 professional development days. In 2018-19 school year, the school had 10 collaboration/early release days and 5 professional development days.

Staff development is a critical component to teacher and student success, and Ceres Unified School District is dedicated to a variety of professional development opportunities for staff. Teachers are given regular collaboration time during grade level meetings, staff meetings, early release days, and collaboration assemblies.

The district manages its BTSA program and works with county office for other trainings and programs dedicated to improving teacher quality. In addition, the district fully supports classroom teachers with a cadre of full time staff coaches who can assist with the implementation of curriculum and strategies. This is often done during afternoon staff meetings, release days with coaches, and teacher-principal meetings. In-class coaching and co-teaching by the site coach also occur.

School sites must include a professional development plan and budget in their school site plan. Activities can include attendance at summer institutes, after school or Saturday workshops, teacher release days to attend conferences, and grade level or department release days for in depth professional development. All professional development is aligned to the district strategic plan. The goal of all professional development is to increase student achievement.

A goal for the Adkison Staff this year is for each staff member to work in collaborative teams to ensure an equitable educational experience for all students regardless of the teacher. Teachers have worked to develop Common Formative Assessments which allows teams to share data to determine best instructional practices and intervention plans. In addition, professional development time has focused on becoming proficient with ELA and Math curriculum along with student reading development process and reading intervention support. A focus on Designated English Language Development has also been a site focus.
